Subject: United Park City Mines Company

Mary Ann,

It was good to talk to you again. We appreciate your taking the time to write the letter to Mark Harrington confirming that United Park City Mines Company does not need a mine permit. I would also appreciate your sending a copy of your letter to me by email: rbeless@fabianlaw.com or by fax: 801-532-3370, since we are required to address this matter on March 7 with Mr. Harrington.

As I mentioned, I do have in my file a copy of my letter of December 13, 1988, to Dianne R. Nielson, Director of DOGM, referencing our meeting with Ed Osika, Ms. Nielson, and Ken May, Associate Director – Mining, on December 9, 1988. At that meeting we discussed the fact that United Park City Mines Company had not operated its mining properties since 1970, but had leased out its mining properties to mine operators. As she requested at the meeting, in my letter I provided Ms. Nielson with a copy of the 1970 lease from United Park, lessor, to Park City Ventures (ASARCO and Anaconda), lessee, and the 1979 assignment of that lease to Noranda Exploration, Inc., assignee and lessee. United Park did not conduct any mining operations upon its properties when the lease was terminated by Noranda in 1982. I will be happy to provide you with copies of the documents in my file.

Thank you for taking the time, once again, to resolve this matter.

Best regards,

Rosemary
